

Peer Leader Experiential Learning

Peer Leaders programs are fun and informative.

Designed as a full day class trip peer leaders learn how to work together in groups, uncover natural skills and see where they fit into the whole. Anti-bullying; conflict resolution, problem solving and life skills are experienced in solution oriented activities with horses.

There is no riding and affinity for horses is not necessary for students to bring real solutions back to their school, life and peer leader commitments. Every program is custom designed for each school's unique environment, whether your school is an inner city or rural school, an Equine Assisted Learning Experience for your Peer Leaders will make a real difference because they will learn by doing. Learning by doing (Experiential Learning) is proven to be retained.
